## Thanks for your interest in Timber Mallard Mallard Championship Duck Calls!!

We strive for perfection and you have my personal guarantee that "I don't send out calls that I would not blow." Each call is hand turned and tuned from either music grade stock or hand selected rough stock. We also offer a wide selection of acrylics and Corian in every color imaginable.

Every Timber Mallard Duck Call comes with an **"UNCONDITIONAL LIFETIME GUARANTEE."** If you should ever have a problem with your call return it to your nearest dealer or ship it directly to us.

A Callmaker From Arkansas,

At Timber Mallard we offer a call that will enhance your hunting situation. Our calls are field-tested and hunter approved. Available in Single and Double Reed

### Duck Calls

- ❑ **ORIGINAL TIMBER MALLARD"**  
This call is designed for those of us that like a call with a definite ring on the high end, easy chattering, and sharp quacks. This call is our original design. **AVAILABLE IN SINGLE & Double Reed.** Cocobolo, Corian, and Acrylic.
- ❑ **Timber Mallard "Timber Call"**  
This call is perfect for close working and late season Mallards. Designed to sound like a OLE' Hen, easy to master with soft quacks, hails and comebacks, plus a easy rolling chatter.....**Available in Single and Double Reed.** Walnut, Cocobolo, Corian, and Acrylic.

## Timber Mallard Duck Calls

- ❑ **Timber Mallard "Double Trouble"**  
The double trouble was released in 2000. Years in planning and design went into this call to make it perform and sound like its single reed partner, with the ease of use common to double reed calls. **Available in Cocobolo, Acrylic, Corian.**

- ❑ **Timber Mallard "Signature Series"**  
Made of precision turned acrylic, this call has an acrylic band rather than the standard brass band on the barrel and can be combined in a variety of color combinations. **Available in both single and double reed.**
- ❑ **Timber Mallard "Scream'N Demon"**  
NEW FOR 2001!!!! This call is designed for the new caller as well as the most experienced. This call utilizes small amounts of pressure to create loud hail calls with low, ducky rasps on the bottom. This is our loudest call on the market. **Available in acrylic and Corian, single and double reed.**

## Timber Mallard Lanyards

- ❑ **Duck Call Lanyard**  
Made from High Strength Parachute Cord. 4 loops designed to hold 2 calls. **Comes with waterfowl band.**
- ❑ **Game Lanyard**  
Made from High Strength Parachute Cord. 8 loops keep game separated while hunting.
